International Coverage & Support

BEING INTERNATIONAL SPEAKS VOLUMES

- + With over 150 Application Centres Across Australia & New Zealand, being international speaks volumes about convenience and support when servicing your customers, regardless of where they're located.
- + Our national customer warranty service numbers manages all claims & processing. MotorOne will NEVER deny a warranty claim without consultation with the Dealership.
- + It all adds up to a support team of 'specialists in their field' that are available anytime.
- + Being agile is one of the factors that allows you to get the most from this partnership. Having local representatives and support staff in MotorOne means your customers are offered personal, customised and timely solutions.

HYDRO G9+

SURFACE PROTECTION

NEW FORMULA CERAMIC PAINT PROTECTION WITH GRAPHENE. NOW TOUGHER THAN EVER.

+ EXTREME HARDNESS & RESISTANCE

HYDRO^{G9+} with graphene, now delivers increased abrasion resistance which means the coating is not broken down by weathering, dirt and road grime. Stronger bonding, hardness, and outstanding durability, **HYDRO^{G9+}** with graphene outperforms and outlasts most other paint protection products.

+ SMOOTHER & BRIGHTER THAN EVER

HYDRO^{G9+} covalent bonding to the vehicle paintwork delivers a surface that is smoother and significantly brighter.

+ A NEW HYDROPHOBIC INTELLIGENCE

HYDRO^{G9+} with graphene delivers super hydrophobic properties creating an easyclean low maintenance surface. Engineered with nanotechnology to produce distinctive beading which rolls off the surface helping take away dirt, dust & road grime.

+ EXCEPTIONAL THERMAL PROPERTIES

HYDRO^{G9+} thermal (heat) properties are found to be approximately double that of conventional ceramic coatings, resulting in exceptional durability and protection for your vehicle's paintwork.

HYDRO^{G9+}
Heavy Hitting Vehicle Protection

HYDRO G9+

SURFACE PROTECTION

WHEN YOU NEED IT MOST

HYDRO^{G9+} surface coating is formulated using graphene, an extremely pure material, thanks to its simple structure based on tight, consistent, atomic bonding.

HYDRO^{G9+} delivers exceptional levels of hardness which translates to increased resistance to the elements and UV stability offering greater defence against fading and oxidation of clear and base coats.

This newly formulated surface coating bonds deeper into the vehicle's paintwork, is noticeably smoother to the touch and optically brighter. Backed by a limited lifetime warranty.*

HYDRO G9+

INTERIOR SURFACE PROTECTION

ADVANCED HYDROPHOBIC FORMULA

HYDRO^{G9+} interior product range includes newly formulated protective coatings for leather, vinyl, plastics and fabric & carpet.

These interior surface coatings ensure maximum stain resistance, protection for the damaging effects of UV and delivers an extremely durable finish. Backed by a limited lifetime warranty.*
